HASSAN TAIWO
FRONTEND DEVELOPER

ABOUT ME

I am interested in working with an organisation in developing new user-facing features, write reusable codes, and ensure the technical feasibility of user-interface and user-experience design. I work with developers to build fast, reliable and accessible web pages. I was able to attain new skills that have enabled me to work on difficult projects.

WORK EXPERIENCE

HostelsNG Internship

Frontend Developer Intern | August - October

Key Achievement

Built a fully integrated slack clone to connect, collaborate, interact, educate and learn remotely within a workspace.

Responsibilities

- Assess UX and UI designs for technical feasibility.
- Build frontend web apps with react.
- Collaborate with product team members to implement new feature developments.
- Conduct debugging errors through close collaboration with the quality assurance team.
- From idea to implementation, I implemented blogs, mobile apps, and landing pages.
- Standardize all output with a new, responsive, mobile-first approach and strategy.
- Verify compliance with customer needs by testing software functionality and equipment load capabilities.
